Lucks D24 Replacement Motor Wiring (MTR-024)

WARNING:

- Be very careful NOT to cross thread the aluminum castings.
- The Lucks D24 24 part dough divider is built in Europe and uses METRIC parts, fasteners and threads.

NOTE:

- The OEM motor has been discontinued. BakeTechPros part MTR-024 is a METRIC replacement motor and is directly compatible EXCEPT the wiring.
- Wire the new motor as shown below for **208 V ac 3 phase** (LOW VOLTAGE)
